

## **Société Générale Community Fund Grant Guidelines**

The Société Générale Community Fund has been established to support young people on their journey into the world of work by improving their educational development, especially through sport, arts or cultural activities and improving their literacy. The Fund has been established with monies released from dormant client accounts, in accordance with applicable regulatory requirements.

The Fund will support good quality well planned projects that will have a positive and long-lasting difference to young people, aged 13-25 years, resident in the boroughs of Newham and Tower Hamlets, supporting their journey into employment.

Before applying for funding, please read the following guidance carefully.

### **1. How much money is available?**

Organisations may apply for between £10,000 and £15,000 for one year's funding.

### **2. What are the grants for?**

Grants are for programmes which support young people living in the boroughs of Newham and Tower Hamlets that improve their integration through education and employment so that they are better placed to create opportunities for themselves.

Société Générale is looking for innovative and effective projects that support participants to gain essential employability skills, using the vehicle of sports, arts or cultural activities, or initiatives that are focused on improving literacy.

In all cases applications should demonstrate that there is a need for the project / service for which you are seeking funding. You should also be able to evidence that your organisation has appropriate links or networks in place and a positive track record to be able to deliver the proposal.

We welcome good quality proposals that specifically address the project guidelines listed below:

- Projects that use sports, arts or cultural activities to improve educational attainment
- Projects that seek to improve literacy levels of young people

Proposals should demonstrate and evidence:

- a clear progression route for participants
- experience of supporting young people in education or into employment
- experience of supporting young people to improve their academic achievements and/or literacy
- that the organisation has the appropriate links to employment opportunities in the local area

### **3. Who can apply for the funding?**

These pieces of information must be submitted on East End Community Foundation's monitoring form and end of grant report form within 6 weeks of your project ending. A further report is then required six months after the project end report is submitted which tells us more about the beneficiaries' progress since benefitting from your programme.

Copies of such material must be supplied to East End Community Foundation free of charge.
