

Isle of Dogs Grants Chest and Millwall Park Endowment Fund Guidelines

EECF has two funding streams available, the Isle of Dogs Grants Chest and the Millwall Park Endowment Fund. Both funds will award grants to support positive community activities across their geographic areas of benefit. Through our grant making, we aim to fund high quality projects or services that will make a positive and long-lasting difference to local residents.

EECF recognises the profound and far reaching impact of the coronavirus pandemic on local communities. Organisations are actively encouraged to submit ideas for projects and activities that respond to the specific needs that they have identified in relation to employment, education & learning and wellbeing & inclusion for local residents.

Before applying for funding, please read the following guidelines carefully.

What Funding is Available?

Organisations can apply for a grant of up to £10,000 either through the Isle of Dogs Grants Chest or the Millwall Park Endowment Fund.

Full details of each funding stream is provided below.

Isle of Dogs Grants Chest

Isle of Dogs Chest Grants

Organisations can apply for a grant of up to £10,000 in response to any clear and evidenced issue identified within the local community, provided there is a clear evidence of community need and resident engagement. We actively encourage applications that are seeking to tackle inequality and to improve the wellbeing and inclusion of local residents, further developing a sense of community support.

The Isle of Dogs Grants Chest will support projects or organisations that are dealing with an identified issue. For example, this could be related to reducing poverty, increasing skills and learning, improving employability, addressing digital exclusion, improving mental or physical health, reducing discrimination, supporting people affected by domestic violence, reducing young people's involvement in crime and anti-social behaviour, or any other identifiable issue that affects people's ability to access opportunities.

Organisations can apply for funding to support residents of all ages and backgrounds. Applications must be able to demonstrate that the activities will be for the benefit of the local communities in and around the Isle of Dogs and South Poplar area.

EECF will also accept applications for emerging needs within the local area and to support organisations based within the restricted geographic area with core funding.
